DETAILED ACTION

Amendment

1. Acknowledgement is made of Amendment filed 09-13-10.
2. Claims 30 and 31 are amended.
3. Claims 1-29 are canceled.

Allowable Subject Matter

4. Claims 30-33 are allowed.
5. The following is a statement of reasons for the indication of allowable subject matter:

Claims 30 and 32 are allowable because the prior art of record neither anticipates nor renders obvious the limitations of the base claim 30 in combination as claimed, including:

wherein said insertion terminals are secured to at least one block body comprising electrically insulating synthetic resin by fixing middle portions of the insertion terminals between the inserting ends and connecting ends to fitting holes formed in said block body, and wherein said block body is placed on one surface of the stack of circuit boards to simultaneously insert said inserting ends of the insertion terminals into said terminal receiving holes formed in the circuit boards.

Claims 31 and 33 are allowable because the prior art of record neither anticipates nor renders obvious the limitations of the base claim 31 in combination as claimed, including:

wherein said insertion terminals are secured to at least one block body comprising electrically insulating synthetic resin by fixing middle portions of the insertion terminals between the inserting ends and connecting ends to fitting holes formed in said block body, and wherein said block body is placed on one surface of the stack of circuit boards to simultaneously insert said inserting ends of the insertion terminals into said terminal receiving holes formed in the circuit boards.

After carefully review the specification and the claims in the application and art search, considering what is claimed as a whole that the aforementioned limitations are believed to render said claims 30, 31 and all claims dependent thereof patentable over art of record.

6. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
